MOBILISATION OVERVIEW

We undertake extensive analysis on the contractor data provided by you.

Mobilisation meeting xx/xx/xx. In this session we introduce our client mobilisation manager, who will project manage all aspects of the onboarding with your internal stakeholders and contractor base. We do the 'heavy lifting' to make the process seamless.

Within two weeks - bespoke templates are provided for key communications with contractors and internal stakeholders.

To ensure full visibility, portal refresher sessions can be delivered across your company where required. This will ultimately help to reduce your supply chain risk.

We host regular sessions with you to review the progress of the project, providing visibility and clear milestones.

You will receive ongoing support from you key account manager to support you with your supply chain management and compliance.

Note: All timings are from the agreed date to progress.
