# WHAT IS SAFESUPPLIER?

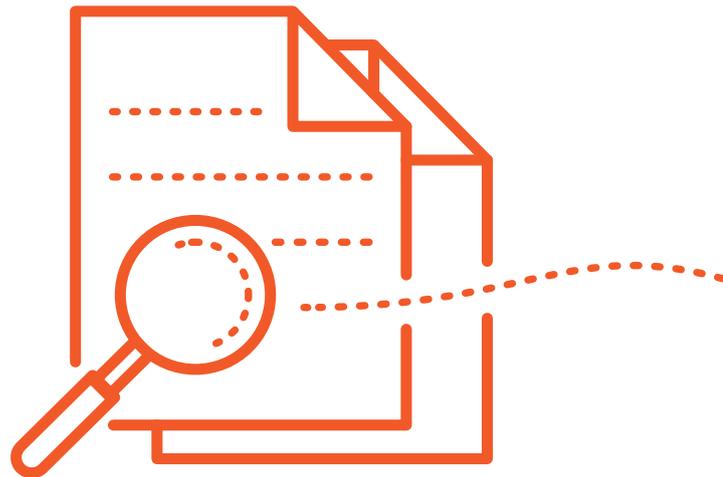

---

SafeSupplier is a sustainability verification service from Alcumus.

The rising focus on sustainability drives the need for businesses to achieve the highest standards in health and safety, quality, ethical best practices and responsible growth. More than ever, clients are facing increasing challenges in how they manage risks and transparency in their supply chain and then minimise the impact of vulnerabilities and disruptions.

SafeSupplier offers a robust, streamlined, consistent and effective supplier on-boarding and management solution, that demonstrates compliance to regulatory requirements, international standards and industry best practice in the supply chain.

SafeSupplier verifies legal, moral and financial credentials to help clients assess compliance across their supply chain.

## WHY DO I NEED TO BE SAFESUPPLIER VERIFIED?

As a supplier, many of your customers are now looking for a robust way to be able to monitor and provide ongoing assessment of the risks in their supply chain.

Being SafeSupplier verified allows you to present your sustainability credentials across a range of topics, which helps buying organisations select reputable companies like you for ongoing work.

SafeSupplier will help you:

- Demonstrate your commitment to quality practices and processes
- Show your sustainability proficiency against competitors
- Improve your compliance through verification
- Inspire confidence and strengthen your relationship with your client
- Help to reduce the risk of incidents occurring for your client, such as: physical injuries, reduced productivity, fines/investigations or damaged business reputation.

## WHY SAFESUPPLIER?

SafeSupplier is a simple way to validate your capabilities, showcase your standards, and understand how to further improve your credentials to clients.

You'll get access to a range of guidance advice, member benefits, and be able to show your SafeSupplier status to customers and in tenders, to help you win more business.

SafeSupplier provides assistance throughout the process, with our leading in-house team of technical experts.

## HOW DO I GET VERIFIED?

The verification process is simple. SafeSupplier appraises the following key topics.

- ✓ Financial Management
- ✓ Business Governance
- ✓ Environmental Management
- ✓ Quality Management
- ✓ Equality, Diversity and Inclusion
- ✓ Insurance
- ✓ Cyber Security

Verify your sustainability by completing an assessment tailored to your business.
